WORK EXPERIENCE

Intern Frontend Developer, 02/2024 - 05/204
Almana Group of Companies

- During my internship at Almana Group of Companies, I worked as a frontend developer, collaborating with the team to develop and maintain web applications. I gained hands-on experience with modern frontend technologies such as React, JavaScript, HTML, Tailwind, Bootstrap, and CSS. Additionally, This internship provided me with valuable insights into the software development lifecycle and enhanced my skills in building user-friendly and responsive interfaces.

PROJECTS

Social Hub Agency - The project entails the development of a captivating landing page for Social Hub Agency, a leading entity in amplifying online presence through its range of specialized services. The landing page serves as the digital gateway for potential clients, offering a glimpse into the agency's expertise and commitment to enhancing brands in the digital sphere.
